## Springs and Mattresses at REMARKABLY Low Prices

Tomorrow morning the doors swing open on another NEW department at Lansburgh & Bro.'s. A reception will be held for all Washington with the most wonderfully low prices ever offered in the city.

The manufacturer was so anxious for us to get the new section going "full steam ahead" that he gave us beds, mattresses and springs at just about what it cost to make them. We have only added the freight and handling charges, so that you get the biggest bed, spring and mattress values ever secured in this district.

There are at least 75 different designs in brass and iron beds on the floor, and HUNDREDS in the warehouse to "Back Them Up." We have illustrated nine (9) of the beds at the extraordinary Opening Day prices. Every bed guaranteed to be exactly like the picture. You will notice that many of the

designs are entirely different from anything heretofore seen in beds of this kind. Quite a lot of wood finish beds.

And just one more point, every store that has bought brass or iron beds since we bought ours, ten months ago, has had to pay an increase of at least 30%, and that means much higher prices.

We tell you all this, that you may expect BIG THINGS when you come to this sale tomorrow. And no one will be disappointed. You never had as good an opportunity to buy as good beds at anywhere near the money.
